

CROWLEY'S RIDGE COLLEGE: OUR CASE FOR SUPPORT

"Promoting Academic & Spiritual Growth in Every Student, while Serving with Integrity & Excellent Stewardship"

Updated February 16, 2018

I. History and Organizational Information:

Crowley's Ridge College (CRC) is an outstanding four-year Christian, community-oriented college in Paragould, Arkansas. The College's 150-acre campus boasts rolling hills with numerous pine trees and a small lake near its center on scenic Crowley's Ridge. The campus has more than 92,000 square feet of educational related facilities and plenty of room for future growth. CRC was founded by Dr. Emmett Smith in 1964 as an outreach of churches of Christ, and today, serves students from many backgrounds and religious affiliations. It was the first institution of higher learning in Paragould, and currently is the only residential college in the city.

Crowley's Ridge College's official opening day was July 6, 1964. Six presidents have served CRC since its founding. CRC is currently governed by a Board of Trustees comprised of 13 Christian men and women from three states with nine being alumni. These trustees represent a variety of professions and each shares CRC's commitment to Christian education. All financially support the College and some are members of our adjunct faculty.

CRC is blessed with another solid enrollment in 2017-18 featuring 214 students (Bible, Business and Education Majors); comprised of 73 freshmen, 56 sophomores, 29 juniors, and 22 seniors. Young men and women from 28 states and 12 countries have attended CRC. CRC's main service areas are Arkansas, Missouri, and Tennessee with Arkansas being the largest student representation from all across the state. Students are provided more than \$900,000 in scholarships each year. These scholarships assist students in many areas, including Christian leadership and service, Bible majors, missions, academic achievements, music, drama, athletics and for a variety of specialized areas and needs.

Students are attracted to CRC because of its Christian principles, personal attention, numerous student activities and affordable costs. The College has a 10:1 student to faculty ratio. Intercollegiate sports program includes men's basketball, baseball and golf and women's basketball, softball and volleyball. III. Successfully Serving CRC Students:

- Alumni working as ministers, doctors, nurses, emergency medical field, educators, school superintendents, college presidents, computer science, accountants, banking, small business owners, police officers, state troopers, fish & game department, entrepreneurs, housewives, farmers, politicians, industry managers, and in many other important positions.

- Alumni represent CRC in their various communities, encouraging soon to be high school graduates to attend Crowley's Ridge College. Alumni also encourage others to support CRC and attend area promotional and campus events.
- Many CRC alumni currently serve as preachers and youth ministers among congregations in northeast Arkansas and southeast Missouri. Graduates have also served/serve in full-time ministry for congregations in 25 states.
- Students and alumni have done mission work in 20 countries on 6 continents.

IV. Financial Information:

The current annual budget of Crowley's Ridge College is \$3,700,000. This operational budget is financed by three main sources of revenue: 82% student tuition, 15.4% annual fund gifts from alumni, churches, foundations, businesses and friends of the college, and 2.6% endowment income. CRC is pleased to operate within "the black" each year. We are very careful not to overspend. Our departmental budgets are reviewed weekly, monthly and annually. We also try to operate within the philosophy of not borrowing money to pay for new structures. We generally do not begin construction until approximately one half of the funds needed for a new facility have been raised.

The College is pleased to have a positive net income each year, in which a majority of any surplus funds are generally utilized for needed capital improvements to assist in our future growth. CRC contracts with an independent accounting firm to do an annual audit.

V. Concluding Remarks Regarding CRC's Case for Support:

What is the case for supporting Christian education at Crowley's Ridge College? The answer is easy – our students! They are CRC's only reason for existing. The College strives daily to meet our founders' goal of having CRC graduates strengthen their local congregations and to be Christian leaders throughout their lives.

Many of the students that have attended CRC could have gone to a variety of colleges and universities. Others students could not have, as some were from small schools and communities and perhaps not ready for a large university or college setting. Some needed a little extra help in being able to make good grades in a higher learning environment. The extra attention a student receives from our teachers and classes tailored to their individual needs allows them to succeed at the college level, while also benefitting them from CRC's Christian environment. Our goal is to help any student who wants to enroll in college; to help them learn at the college level and to succeed as a Christian, in all aspects of life.

VI. How Can You Help?

At Crowley's Ridge College, we deeply desire to be good stewards of the money that is entrusted to us. As you know, a college education is costly, especially at a private school where a significant amount of our funds are from individuals, churches, foundations, and businesses instead of the government. We appreciate what you have done for CRC or perhaps what you are considering to do for us. We hope that you will continue to, or join in helping us in educating our young men and women. We need and ask for your support.
