

The General Education program of Crowley's Ridge College offers students the chance to build their own course of study based on their interests, which cannot always be met by a single major. Our Bachelor of Arts in General Studies degree delivers a strong foundation of general education courses that help students develop needed career skills like critical and creative thinking and the best practices in oral and written communication to help them be more competitive for the job market.

CRC's Division of General Education offers the following degrees:

- Associate of Arts in General Studies
- Bachelor of Arts in General Studies

Additionally, the Bachelor of Arts in General Studies offers several concentrations to help you tailor the degree to your needs. These concentrations are in the following areas:

- Business
- Biblical Studies
- Teacher Education

If you think any of our General Studies options fit in your future plans, please make an appointment with us for more information. We would love to visit with you and show you around campus.

Providing a strong General Studies program requires financial support to hire qualified Christian faculty and staff, and for books, materials, training, and general studies related field trips. Please join us in contributing toward our General Studies program with annual or planned gifts. Perhaps you want to discuss establishing a General Studies Endowment Scholarship Fund to assist students in the above General Studies degree options.
