Requirements for the attainment of a teacher licensure vary by state and may involve more requirements than successful degree completion such as, but not limited to, applications, fees, and licensure examinations. Completion of a degree from an accredited institution of higher education in Arkansas, such as Crowley's Ridge College (CRC), will not alone qualify a graduate to obtain a teaching license in any other state. This statement does not exclude an individual from seeking or receiving licensure by reciprocity, should a state offer this pathway.

CRC is accredited by the Higher Learning Commission and offers the following programs that have been approved for licensure recommendation in the State of Arkansas by the Arkansas Department of Education's Division of Elementary and Secondary Education Office of Educator Effectiveness and Licensure. Therefore, students who successfully complete the below programs and pass all associated licensure exams are eligible to be recommended for Arkansas Educator Licensure in the degree area.

Programs for a Bachelor of Science in Education		
Program Name	**Required Exam(s)**	**Eligible License**
Elementary Education	PRAXIS 5001 (5002-5005 series) FOR 890	Elementary K-6
Health and Physical Education	PRAXIS 5857	Health and Physical Education K-12 w/ embedded Coaching K-12

Website links to the Department of Education, or equivalent, for each state are available in the below table.

Students enrolled in CRC's educator preparation programs, named previously, are only approved for field experiences (inclusive of observations, internships, teacher residency, etc) within the state of Arkansas at this time.

Any questions pertaining to the information displayed here may be directed to Dr. Zachary Grimes - Division Chair of Teacher Education, Director of EPP Accreditation and Licensure.
