

One of our former teachers had such a booming voice as he proclaimed that phrase at our games cheering on each Pioneer athletic team. We are keeping the Pioneers enthusiasm going as we compete in the new Continental Athletic Conference (CAC) through the National Association of Intercollegiate Athletics (NAIA). CRC athletic teams competing in the CAC include: Men's basketball, baseball, and golf and Women's basketball, softball, volleyball, and golf.

Crowley's Ridge College Athletics have made great strides through the years and we invite you to come join us and cheer on the Pioneers at any of our home or away games. You can keep up with the Pioneers at [www.crcpioneers.com/landing/index](http://www.crcpioneers.com/landing/index). Select Sports and click on any of the men's and women's team schedules. You can also watch the Pioneers Livestream at [www.youtube.com/channel/UCUJf3P727smmaT2FTJqpf6Q/live](http://www.youtube.com/channel/UCUJf3P727smmaT2FTJqpf6Q/live).

As you can imagine, providing an athletic program that competes in the NAIA is a costly endeavor. Part of the reason we provide athletics is that students are activity driven. They love to compete and many love playing sports. CRC has many talented athletes who excelled in high school sports and desire to continue competing at the college level. Every athlete is also important to God's kingdom as we provide a Christian atmosphere for their continued competition, academic, and spiritual learning.

We need your financial support for Pioneer athletics as we improve and maintain our gym, the Carter Activities Center, add a workout center for strength and conditioning, supply our athletes with nice uniforms and gear, maintain our bus and van fleet, travel expenses as we compete in several states, and provide technology for on the road studies so our athletes can stay on top of their classes even when unable to attend in person classes.
